

GOING THE EXTRA MILE FOR YOU

Courier & Logistics Services

Think about what matters most when choosing logistics partners and same-day delivery solutions: Secure transport. The agility to meet changing needs. Improving schedules and costs. Drivers who are certified and industry compliant. Business continuity. Pickup and same-day delivery, on time, every time – across town or across the country – whether on-demand or scheduled.

Founded in 1988, Pillow Logistics, Inc. and its team of 125 delivery specialists serve hundreds of clients throughout Indiana and the Midwest region.

Always striving to improve our customer experience, Pillow Logistics utilizes a "best in class" logistics software solution, providing the same functionality as large worldwide delivery companies. Our investment in technology allows us to increase our productivity, expand our service offerings, while minimizing our costs. Our drivers are equipped with devices to scan bar codes, capture signatures, receive advanced shipping notifications, and over, shortage & damage file reports – all in real time.
